

# *The Dominican Sisters of Amityville Playground*

St. Luke Parish has completed the installation of a new and safe outdoor play area for the students of St. Luke School. The playground includes a colorful play structure and tables with additional plans for benches.

Most wonderful of all is a bluestone grotto, surrounded by attractive landscaping, and graced by the statue of Our Lady of Lourdes and St. Bernadette. These beautiful statues resided in the convent garden, occupied for many years by the Dominican Sisters of Amityville, who taught in St. Luke School since 1910.

Please help us underwrite this gift to our St. Luke community by purchasing a **Stone Marker**. There are several options available. This beautiful space will enrich our lives and those of our children for years to come.
