## PARENT INCLUSIVE EDUCATION NEWSLETTER

Welcome to our Inclusive Education Parent Newsletter. We are grateful for the opportunity to partner with you in supporting the growth, learning, and well-being of every child in our school.

Our commitment to inclusive education reflects our Catholic mission to honor the dignity of every student, foster a sense of belonging, and ensure that all learners have opportunities to thrive academically, socially, emotionally, and spiritually. Through this newsletter, we will share updates, resources, and information which support our efforts to create a welcoming and inclusive environment where every child feels valued, respected, and supported. We believe that strong partnerships between home and school are essential in nurturing a community rooted in compassion, understanding, and faith.

Thank you for being an important part of our school family. Together, we continue to build a community where all are welcomed, all are included, and all are empowered to reach their God-given potential.

### SEPTEMBER'S FOCUS

This month, our school has focused on establishing strong classroom systems, routines, and structures that support the success of all learners. Our teachers have been working diligently to help students understand and develop the daily routines and expectations that create a positive and productive learning environment. By building these foundations early, we can ensure that every student is well-positioned to engage fully in their learning and receive the support they need to thrive both academically and personally.

In Ms. Sullivan's room, slides are shown during homeroom that directs the children to the routine they should be following. First they should pack up for the morning and turn in their homework. Then they complete their morning work

Our library bulletin board highlights what each grade is currently reading and changes throughout the year. From Nursery through 8th grade, students can explore a variety of books that build a love of reading.

Nursery's routine in the morning is to come into the classroom and empty their schoolbags. As they take out their snack bags, lunch bags, folders, thermoses and jackets, students then find the right location for each item. After they are done, they go to their seats and wait quietly for prayers.
